

User Acceptance Testing (UAT) Template

Date	18 June 2026
Name	JAMPA KAILASH JOHNITH
Project Name	ShopEZ
Maximum Marks	4

Project Overview:

Project Name: [ShopEZ e-commerce website]

Project Description: [ShopEz is a full-stack e-commerce web application designed for students and small businesses to create and manage online stores at an affordable cost. The platform enables user registration, product browsing, shopping cart management, secure online payments, order tracking, and inventory management. It demonstrates real-world full-stack development skills using modern web technologies while providing an easy-to-deploy solution for educational and business purposes.]

Project Version: [Version 1.0]
